

Teens! Come "Express Yourself" @ the Big Sky Community Library!

Dear Parents,

As you may know the Big Sky Community Library will be starting a YA Summer Reading Program! Grades 5th-12th students will be meeting 1 day per week for 90 minutes on Tuesdays starting June 16th and ending July 21st. Certified teachers Danielle Kabisch and Danielle McClain will be leading the program.

If your teen is interested in participating, please call the library at 995-4281 ext 205 and leave a message or talk to Dani. This information will help ensure that we have the proper number of materials when the program begins. There will be no cost for this program but we strongly urge a six week commitment.

Our first selection will be *The Secret Hour* which is the first book in Scott Westerfeld's *Midnighter's* series. The second book will be selected by the group. Each novel will be explored through art projects and discussions. We need you to make this a success. Join us for some summer reading fun!

Sincerely,
D & D
